v.

THE CORPORATION OF MERCER

Case No. 5:23-cv-00193-TES

**MEMORANDUM OF LAW IN SUPPORT OF PLAINTIFFS' MOTION FOR FINAL  
APPROVAL OF CLASS ACTION SETTLEMENT**

**I. INTRODUCTION**

On November 18, 2024, the Court granted preliminary approval of the Settlement between Plaintiffs Wang, Lehnese, Ramos, Kilkus, and Doe and Defendant The Corporation of Mercer University (“Mercer” or “Defendant”), and ordered that notice be given to the Class. *See* ECF No. 36.<sup>1</sup> Under the Settlement, Mercer agreed to establish an uncapped claims-made fund for the benefit of the proposed Settlement Class—meaning, Mercer must pay all verified, valid, and timely claims in full.<sup>2</sup> In addition, Mercer has implemented and will maintain certain reasonable data-

<sup>1</sup> Unless otherwise stated, all capitalized terms shall have the definitions set forth in the Settlement Agreement (ECF No. 35-1). Citations to the Settlement Agreement will be abbreviated as “SA, ¶ \_\_\_\_.”

<sup>2</sup> While the Motion for Preliminary Approval referenced 93,512 Class Members, the Settlement Administrator determined the actual number of Class Members to be 93,397 after de-duplicating the contact files provided by Defendant.

security related measures, and the costs associated with these business practice commitments are paid by Mercer separate and apart from other Settlement Benefits. SA, ¶ 2.1.4. The costs of the changes made by Mercer are approximately \$800,000. *Id.* The Settlement also requires that Mercer will continue to invest and maintain reasonable data security-related measures for the next two years. *Id.*

The Settlement makes the following categories of relief available to all Settlement Class Members: (i) reimbursement for Ordinary Out-of-Pocket Losses and Lost Time spent responding to the Data Incident (for up to five (5) hours at a rate of \$20.00 per hour), up to \$450.00 per individual(SA, ¶ 2.1.1); (ii) reimbursement of Ordinary Out-of-Pocket Losses up to \$450.00 (*id.*); (iii) reimbursement of Extraordinary Out-of-Pocket Losses arising from identity theft and fraud stemming from the Data Incident, up to \$5,500.00 (*id.*, ¶ 2.1.2); and (iv) two (2) years of three-bureau Credit Monitoring and Identity Theft Protection Services, including identity theft insurance and real-time credit monitoring. *Id.* ¶ 2.1.3. All Settlement Class Members will also benefit from the business practice changes and data security-related measures implemented by Mercer, which Mercer will continue to invest in and maintain. *Id.* ¶ 2.1.4.

The Parties reached this Settlement—providing meaningful benefits for the Settlement Class—after extensive investigation, hard-fought litigation, and arm’s-length negotiations. Although Plaintiffs and Class Counsel believe in the merits of their claims, Defendant denies each and all of the claims and contentions alleged against it in the Litigation, including all charges of wrongdoing or liability. The claims involve the intricacies of data security litigation (a fast-developing area in the law), and the Plaintiffs would face risks at each stage of litigation. Against these risks, Class Counsel and the Plaintiffs believe that the Settlement achieved is for the benefit of the Settlement Class.

After this Court granted preliminary approval, the Settlement Administrator—with the help

of the Parties—disseminated Notice to the Settlement Class. Individual Notice was provided directly to the Settlement Class Members and successfully reached 97.9% of the Class. *See* Declaration of Cameron Azari (“Azari Decl.”), Exhibit A to Declaration of William B. Federman (“Federman Decl.”), attached hereto as **Exhibit 1**, ¶ 28. Out of the 93,397 Settlement Class Members, only one Class Member has sought to be excluded from the Settlement, and no Class Member has objected to the Settlement. *See* Azari Decl., ¶ 32.

Plaintiffs now move the Court for final approval. The Settlement meets all the criteria for final approval.

## **II. FACTUAL AND PROCEDURAL BACKGROUND**

In the interest of judicial efficiency, for factual and procedural background on this case, Plaintiffs refer this Court to, and hereby incorporates, Plaintiffs’ Memorandum of Law in Support of Motion for Preliminary Approval (ECF No. 34) and Plaintiffs’ Memorandum of Law in Support of Motion for Attorneys’ Fees, Expenses, and Service Awards (ECF No. 38).

## **III. SUMMARY OF THE SETTLEMENT**

Under the Settlement, Defendant has agreed to establish an uncapped, claims-made fund through which every timely, verified, and valid claim will be paid in full. *See generally* SA, ¶ 2.

### **A. Settlement Benefits**

The Settlement Class consists of 93,512 members. Pursuant to the Settlement, Class Members have the opportunity to submit a Claim for the following Settlement benefits:

Reimbursement for Ordinary Out-of-Pocket Losses and Lost Time—all Settlement Class Members may submit a claim for Ordinary Out-of-Pocket Losses and Lost Time up to \$450.00 per individual. (*Id.* § 2.1.1). For Lost Time, Settlement Class Members may submit a claim for up to five (5) hours of time spent remedying issues related to the Data Incident at a rate of \$20.00 per hour by providing an attestation and a written (narrative) description of: (1) the actions taken in

response to the Data Incident, and (2) the time associated with those actions. *Id.*

Reimbursement of Extraordinary Out-of-Pocket Losses—Settlement Class Members may also submit a claim for up to \$5,500.00 per individual for Extraordinary Out-of-Pocket Losses that are more likely than not directly arising from identity theft or other fraud perpetrated against the Settlement Class Member as a result of the Data Incident. *Id.* ¶ 2.1.2.

Credit Monitoring and Identity-Protection Services—All Settlement Class Members are eligible to receive two (2) years of Credit Monitoring and Identity-Protection Services, which will include a minimum of the following features: (i) dark web scanning with immediate user notification if potentially unauthorized use of a Class Member’s personal information is detected; (ii) identity theft insurance; (iii) real-time credit monitoring with Equifax, Experian, or TransUnion; and (iv) access to fraud resolution agents as described above. *Id.* ¶ 2.1.3. A Settlement Class Member need only to enroll in the service.

In addition to the foregoing benefits, all Settlement Class Members will benefit from business practice changes and data-security related measures implemented by Mercer, which Mercer will continue to invest in and maintain. *Id.* ¶ 2.1.4. These measures inure to the benefit of the Settlement Class as their information remains in Defendant’s possession. The costs associated with implementing and maintaining these Business Practice Commitments are being paid by Defendant separately and do *not* affect the benefits available to the Settlement Class Members. *Id.*

#### **B. Notice and Administration Expenses**

The Defendant agreed to pay the cost of sending the Notice to Settlement Class Members, sending the CAFA Notice, and the costs of the administration of the Settlement separately from the funds used to pay the Settlement Class. *See id.* ¶ 2.4.

### **C. Attorneys' Fees, Expenses, and Service Awards**

Class Counsel have moved the Court for an award of their reasonable attorneys' fees and costs incurred, in combined an amount of \$300,000. ECF No. 37. Additionally, Plaintiffs have moved the Court for a service award of \$1,500 for each class representative to be paid from the same source as any fees and costs awarded in this case. ECF No. 37-38. Any fees awarded by the Court will be paid by Mercer separate from any payments made to Settlement Class Members and will in no way affect the relief available to the Settlement Class. SA, ¶ 7.2.

### **IV. THE SETTLEMENT WARRANTS FINAL APPROVAL**

The Federal Rules of Civil Procedure require judicial approval of class action settlements. *Goodman v. Columbus Reg'l Healthcare Sys.*, Civil Action 4:21-cv-00015-CDL, 5 (M.D. Ga. Jun. 12, 2024). At final approval, the ultimate issue is whether the settlement is fair, reasonable, and adequate. Fed. R. Civ. P. 23(e)(2); *Huang v. Equifax Inc. (In re Equifax Inc. Customer Data Sec. Breach Litig.)*, 999 F.3d 1247, 1273 (11th Cir. 2021). "There is a strong judicial policy in favor of settlement, in order to conserve scarce resources that would otherwise be devoted to protracted litigation." *Ingram v. the Coca-Cola Co.*, 200 F.R.D. 685, 688 (N.D. Ga. 2001) (citing *Bennett v. Behring Corp.*, 737 F.2d 982, 986 (11th Cir.1984)).

Rule 23(e)(2) provides factors for the Court to determine if a settlement is "fair, reasonable, and adequate." The Rule 23(e)(2) factors are: (A) the class representatives and class counsel have adequately represented the class; (B) the proposal was negotiated at arm's length; (C) the relief provided for the class is adequate, taking into account: (i) the costs, risks, and delay of trial and appeal; (ii) the effectiveness of any proposed method of distributing relief to the class, including the method of processing class-member claims; (iii) the terms of any proposed attorney's fee, including timing of payment; and (iv) any agreement required to be

identified under Rule 23(e)(2); and (D) the proposal treats class members equitably relative to each other. Fed. R. Civ. P. 23(e)(2).

The Eleventh Circuit has provided additional factors to inform district courts' analysis of settlements under Rule 23(e)(2):

(1) the likelihood of success at trial; (2) the range of possible recovery; (3) the point on or below the range of possible recovery at which a settlement is fair, adequate and reasonable; (4) the complexity, expense and duration of litigation; (5) the substance and amount of opposition to the settlement; and (6) the stage of proceedings at which the settlement was achieved.

*Bennett*, 737 F.2d at 986; *In re Equifax* at 999 F.3d at 1273.

The Settlement before the Court meets each of these considerations.

#### **A. The Settlement Satisfies All of the Rule 23(e)(2) Factors**

##### **1. The Class Was Adequately Represented**

“[T]he adequacy requirement is met when: (1) the named plaintiff does not have interests antagonistic to those of the class; and (2) plaintiff’s attorneys are qualified, experienced, and generally able to conduct the litigation.” *Brown v. Transurban USA, Inc.*, 318 F.R.D. 560, 567 (E.D. Va. 2016) (citation omitted). Here, the Class Representatives have the same interests as all other Settlement Class Members, as they are asserting the same claims and share the same injuries. Further, the Court has already recognized Class Counsel’s experience and qualifications in appointing them to lead this litigation, and the record shows Class Counsel worked diligently to litigate and ultimately bring this case to resolution. *See* Order Granting Preliminary Approval, (ECF No. 36); *see also In re: Lumber Liquidators Chinese-Manufactured Flooring Prod. Mktg., Sales Practices & Prod. Liab. Litig.*, 952 F.3d 471, 485 (4th Cir. 2020) (finding counsel’s experience in complex civil litigation supported fairness of settlement).

##### **2. The Settlement Was Negotiated at Arm’s Length**

This factor weighs in favor of granting final approval. There is a presumption of good faith

in the negotiation process. Courts generally find that the parties engaging “in prolonged adversarial litigation and negotiations” supports a finding of non-collusion in reaching settlement. *George v. Acad. Mortg. Corp.*, 369 F. Supp. 3d 1356, 1369 (N.D. Ga. 2019); *Leonardo’s Pizza by the Slice, Inc. v. Wal-Mart Stores, Inc.*, 544 U.S. 1044, 125 S. Ct. 2277, 161 L.Ed.2d 1080 (2005) (“[P]resumption of fairness, adequacy, and reasonableness may attach to a class settlement reached in arm’s-length negotiations between experienced, capable counsel after meaningful discovery”) (quoting MANUAL FOR COMPLEX LITIGATION (THIRD) § 30.42 (1995)). “Where the parties have negotiated at arm’s length, the Court should find that the settlement is not the product of collusion.” *Saccoccio v. JP Morgan Chase Bank, N.A.*, 297 F.R.D. 683, 692 (S.D. Fla. 2014).

This Settlement was achieved only after significant litigation, the exchange of pre-mediation discovery, litigation of a motion to dismiss, the exchange of detailed mediation statements, and a full-day mediation session with highly respected mediator, Bruce A. Friedman of JAMS. Mr. Friedman has substantial experience mediating and resolving complex class actions, including data breach class action settlements. *See* Federman Decl., ¶¶ 8-9. Mr. Friedman’s active involvement ensured that the negotiations proceeded at arm’s length. Indeed, it was not until after an all-day mediation with hard bargaining on both sides and further negotiations occurring in the following weeks that a mediator’s proposal was ultimately made and accepted by the Parties. *Id.*

Therefore, given the standard articulated in *Saccoccio*, the Settlement negotiated by the Parties is entitled to a presumption by the Court that it is a favorable resolution and not the product of collusion. Given the above, this factor weighs strongly in favor of final approval of the Settlement.

Further, the Settlement is the result of the Parties’ arm’s-length negotiations between Plaintiffs’ counsel and Defendants’ counsel, who are all attorneys (i) familiar with class action litigation; (ii) particularly experienced in the litigation, certification, trial, and settlement of class

actions, including data breach cases; and (iii) knowledgeable of the legal and factual issues at the center of this Action. *Id.*, ¶ 3, 12-13. Class Counsel conducted informal discovery prior to the mediation that enabled them to prepare for well-informed negotiations overseen by Mr. Friedman, culminating in the Settlement. *Id.* ¶ 13-15, 19. Thus, Rule 23(e)(2)(B) is satisfied.

### **3. The Relief Is Adequate Under Rule 23(e)(2)(C)**

The relief offered to Settlement Class Members in the proposed Settlement addresses the types of repercussions and injuries arising from the Data Incident and is more than adequate under the factors outlined in Rule 23(e)(2)(C).

Class Counsel, who have meaningful experience in leading major data breach class actions, strongly believe that the relief is fair, reasonable, and adequate. The Court may rely upon such experienced counsel's judgment. In a case where experienced counsel represent the class, the Court "absent fraud, collusion, or the like, should hesitate to substitute its own judgment for that of counsel." *Cotton v. Hinton*, 559 F.2d 1326, 1330 (5th Cir. 1977).

#### ***i. The Costs, Risk, and Delay of Trial and Appeal***

As outlined in the preliminary approval motion and motion for attorneys' fees, Plaintiffs and the Class would have faced significant risks and costs if they had continued to litigate the case. First, there was a risk that Plaintiffs' claims would not have survived, in part or full, after the pending motion to dismiss, the eventual motion for class certification, motions for summary judgment, *Daubert* motions on damages methodologies, and other motions. Second, if Plaintiffs prevailed on a motion for class certification, successfully defeated all of Defendant's other objections and motions, and proceeded to trial, Plaintiffs would have still faced significant risk, cost, and delay, including likely interlocutory and post-judgment appeals.

Indeed, although class actions commonly involve a high level of risk, expense, and complexity, this is especially true for the evolving area of data breach cases. *See In re Equifax Inc.*

*Customer Data Sec. Breach Litig.*, No. 1:17-MD-2800, 2020 WL 256132, at \*32-33 (N.D. Ga. Mar. 17, 2020) (recognizing the complexity and novelty of issues in data breach class actions); *In re Anthem, Inc. Data Breach Litig.*, No. 15-MD-02617-LHK, 2018 WL 3960068, at \*12 (N.D. Cal. Aug. 17, 2018) (“[C]lass certification was not guaranteed, in part because Plaintiffs had a scarcity of precedent to draw on.”); *see, e.g., Hammond v. The Bank of N.Y. Mellon Corp.*, No. 08 Civ. 6060(RMB)(RLE), 15 2010 WL 2643307, at \*1 (S.D.N.Y. June 25, 2010) (collecting cases).

Comparing the risk, cost, and delay posed by proceeding to trial, the proposed Settlement provides certain, substantial, and immediate relief to the proposed Settlement Class. It ensures that Settlement Class Members with valid claims for Out-of-Pocket Losses or Lost Time will receive guaranteed compensation immediately and provides Settlement Class Members with access to credit monitoring and identity theft protection services (benefits that may not have been available at trial). Further, all individuals affected by the Data Incident will benefit from the business practice commitments made by Mercer regardless of whether they choose to submit a claim. The substantial cost, risk, and delay of the trial and appeal process support a finding that the proposed Settlement is adequate.

***ii. The Method of Distributing Relief Is Effective***

The Notice to the Settlement Class of the available relief was efficient and effective. The Notice Program included dissemination of individual notices by direct mail and email. This direct mail notice reached 97.9% of the Class. *See Azari Decl.* ¶ 36. Therefore, Settlement Class Members received effective and efficient notice of the relief offered. Because Settlement Class Members were able to make claims through a simple online form or by mail, the method of distributing the relief is efficient and effective, and the proposed Settlement is adequate under this factor.

***iii. The Terms Relating to Attorneys’ Fees Are Reasonable***

Class Counsel has requested \$300,000 in a combined award of attorneys' fees and litigation expenses. This request is on par with awards routinely granted by courts in similar cases and is supported by a lodestar crosscheck, as laid out in the previously filed Attorneys' Fee Motion. ECF No. 37.

***iv. Any Agreement Required to Be Identified Under Rule 23(e)(3)***

Apart from the Settlement Agreement, there are no additional agreements between the Parties or with others made in connection with the Settlement. Accordingly, this factor weighs in favor of final approval of the Settlement.

**4. The Proposed Settlement Treats Class Members Equitably**

The Settlement Class Members are treated equitably because they all have similar claims arising from the same data breach, and they are all treated the same under the Settlement. Fed. R. Civ. P. 23(e)(2)(D). All Settlement Class Members are eligible to claim the various benefits provided by the Settlement, including compensation for the time spent responding to the Data Incident, compensation for Out-of-Pocket Losses, and two (2) years of identity protection and credit monitoring services.

Accordingly, the factors under Rule 23(e) support final approval. As discussed below, the factors articulated by this Court are similarly satisfied.

**B. The *Bennett* Factors Weigh in Favor of Final Approval**

**1. The Settlement Agreement Is Favorable Given the Likelihood of Success at Trial and the Range of Possible Damages**

"In determining whether a settlement is fair and reasonable, the court must also examine the range of possible damages that plaintiffs could recover at trial and combine this with an analysis of plaintiffs' likely success at trial to determine if the settlements fall within the range of fair recoveries." *Columbus Drywall & Insulation, Inc. v. Masco Corp.*, 258 F.R.D. 545, 559 (N.D. Ga.

2007). The Court's role is not to engage in a dollar-by-dollar evaluation of the proposed settlement, but to evaluate the proposed settlement in its totality. *Wal-Mart Stores, Inc. v. Visa U.S.A., Inc.*, 396 F.3d 96, 106-07 (2d Cir. 2005). The existence of strong defenses to the claims presented makes the possibility of a low recovery quite reasonable. *Bennett*, 737 F.2d at 986; *Behrens v. Wometco Enterprises, Inc.*, 118 F.R.D. 534, 542 (S.D. Fla. 1988) (“A settlement can be satisfying even if it amounts to a hundredth or even a thousandth of a single percent of the potential recovery”). These factors weigh heavily in favor of the final approval of the Settlement.

Class Counsel are confident in the strength of Plaintiffs’ case. Federman Decl., ¶¶ 11, 29. However, they are also pragmatic about the risks and challenges associated with prolonged litigation, including uncertainties in litigating the case through class certification, summary judgment, trial, and possible appeals. *Id.* ¶¶ 30-34.

Historically, data-breach cases face substantial hurdles in surviving even the pleading stage. *See, e.g., Hammond v. The Bank of N.Y. Mellon Corp.*, No. 08 Civ. 6060 (RMB) (RLE), 2010 U.S. Dist. LEXIS 71996, at \*2-4 (S.D.N.Y. June 25, 2010) (collecting cases). Even cases of similar wide-spread notoriety and implicating data similar to the data at issue here have been found wanting at the district court level. *In re U.S. Office of Pers. Mgmt. Data Sec. Breach Litig.*, 266 F. Supp. 3d 1, 19 (D.D.C. 2017) (“The Court is not persuaded that the factual allegations in the complaints are sufficient to establish . . . standing.”), *reversed in part*, 928 F.3d 42 (D.C. Cir. June 21, 2019) (holding that plaintiff had standing to bring a data breach lawsuit). To the extent the law has gradually accepted this relatively new type of litigation over time, the path to a class-wide monetary judgment remains unforged, particularly in the area of damages. For now, data breach cases are among the riskiest and most uncertain of all class-action litigation, making settlement the more prudent course when a reasonable one can be reached. Further, the damages methodologies, while theoretically sound in Plaintiffs’ view, remain largely untested in a disputed

class certification setting and unproven in front of a jury. And, as is the case in any data breach case, establishing causation on a class-wide basis is rife with uncertainty.

Under the circumstances, Class Counsel determined the Settlement is fair and reasonable in light of the risks of continued litigation. Federman Decl. ¶ 27. While the range of potential recovery may be very high, this must be balanced against the possibility that the Plaintiffs could walk away with no recovery given the complex nature of the case. *Id.* ¶¶ 30-1, 35. The Settlement provides immediate, real relief to the Class in the form of benefits potentially worth up to almost \$6,000 per class member and substantial business practice commitments on the part of Mercer. SA ¶ 2.1.4.

The proposed Settlement balances the risks of litigation with Counsel's knowledge of the strengths of the case. Therefore, the first, second, and third *Bennett* factors weigh in favor of finally approving Settlement.

## **2. The Complexity, Expense, and Duration of Litigation Weighs in Favor of the Settlement**

The next factor to consider is the complexity and expense of litigating this case. *Bennett*, 737 F.2d at 986. "The Court should consider the vagaries of litigation and compare the significance of immediate recovery by way of the compromise to the mere possibility of relief in the future, after protracted and expensive litigation. In this respect, '[i]t has been held proper to take the bird in the hand instead of a prospective flock in the bush.'" *In re Shell Oil Refinery*, 155 F.R.D. 552, 560 (E.D. La. 1993).

Data breach litigation is a fast-developing field of law with many facets that have not been fully tested at the trial court level. Should this case proceed, it would become necessary for the Parties to engage in a lengthy discovery process, take time-consuming technical depositions of Mercer's IT staff, as well as any third-party vendors they contract data security measures to, and

engage in motion practice related to class certification and summary judgment. Given the complexity of the claims and arguments here, a lengthy trial would likely follow. Litigation would be extraordinarily complex, and it could take several years for the Class to see any real recovery, if any at all. Further, any award as the result of a trial in this case would likely be subjected to an appeal, which would further delay any recovery in this matter by a substantial period of time.

As discussed above, if this case were to proceed, litigation would be protracted and involve the hiring and payment of multiple technical and economic experts to establish factual liability and to produce damages models. Costs to both Plaintiffs and Defendant would be high; and the pretrial, trial, and appeals stages of this matter would be of considerable length. Further, each of these successive stages would, from the Plaintiffs' perspective, inject uncertainty as to whether any recovery will occur at all.

Given the uncertainties inherent in this type of litigation and the high costs necessary to prosecute this case, Plaintiffs and Defendant have agreed that the Settlement presents a preferable option to continued litigation. Thus, this *Bennett* factor supports final approval of the Settlement.

### **3. The Reaction of the Class to the Settlement Agreement Has Been Favorable**

In most class action settlements, a small number of opt-outs and objections “are to be expected” and do not impact the Settlement’s fairness. *In re Cardizem CD Antitrust Litig.*, 218 F.R.D. 508, 527 (E.D. Mich. 2003) (citations omitted); *see also Olden v. Gardner*, 294 F. App’x 210, 217 (6th Cir. 2008) (inferring that most “class members had no qualms” with a settlement in which 79 out of 11,000 class members objected). In this case to date, ***no*** class members have objected to any aspect of the Settlement. Azari Decl., ¶ 32. Similarly, only ***a single Class Member*** has requested exclusion from the Settlement. *Id.* ¶ 32. This factor therefore heavily weighs in favor of final approval. *See, e.g., Hanlon v. Chrysler*, 150 F.3d

1011, 1027 (9th Cir. 1998) (“[T]he fact that the overwhelming majority of the class willingly approved the offer and stayed in the class presents at least some objective positive commentary as to its fairness.”); *Massiah v. MetroPlus Health Plan, Inc.*, 2012 WL 5874655, at \*4 (E.D.N.Y. Nov. 20, 2012) (“The fact that the vast majority of class members neither objected nor opted out is a strong indication of fairness.”); *Luevano v. Campbell*, 93 F.R.D. 68, 91 (D.D.C. 1981) (“The fact that only one-sixth of one percent of the class has chosen to object to the settlement is an important indication of its fairness and adequacy.”).

Here, the Settlement Class’s initial reaction to the Settlement has been extremely positive and strongly supports final approval. The claims deadline was March 18, 2025. As of April 2, 2025, a total of 3,267 claims have already been received from Settlement Class Members. *See* Azari Decl., ¶ 34. This amounts to a claims rate of 3.50% of Settlement Class Members, which compares favorably to the claims rates in other data breach class action settlements. *See, e.g., In re Hudson’s Bay Co. Data Sec. Incident Consumer Litig.*, No. 18-CV-8472 (PKC), 2022 WL 2063864, at \*10 (S.D.N.Y. June 8, 2022) (approving data breach class settlement where the “number of claims submitted reflects a response rate of approximately 0.25%”); *In re Anthem, Inc. Data Breach Litig.*, 327 F.R.D. 299, 321 (N.D. Cal. 2018) (finding that a 1.8% claims rate reflects a positive reaction by the class); *In re Target Corp. Customer Data Sec. Breach Litig.*, No. 14-md-2522, 2017 WL 2178306, at \*1–2 (D. Minn. May 17, 2017), *aff’d*, 892 F.3d 968 (8th Cir. 2018) (approving settlement with a claims rate of roughly 0.23 percent); *see also* Federman Decl., ¶ 42.

#### **4. This Matter is in an Appropriate Stage for Resolution**

The third factor requires the Court to consider “the stage of proceedings at which settlement was achieved.” *Bennett*, 737 F.2d at 986. This factor “is evaluated to ensure that Plaintiffs had access to sufficient information to adequately evaluate the merits of the case and weigh the benefits

of settlement against further litigation.” *Lipuma v. American Express Co.*, 406 F. Supp. 2d 1298, 1324 (S.D. Fla. 2005). “The law is clear that early settlements are to be encouraged, and . . . only some reasonable amount of discovery should be required to make these determinations.” *Ressler v. Jacobson*, 822 F. Supp. 1551, 1555 (M.D. Fla. 1992). “Vast formal discovery” is not necessary for the Court to find that the Parties had sufficient information to proceed with a settlement. *Lipuma*, 406 F. Supp. 2d at 1324.

In the instant case, the Parties had more than enough information regarding the case to determine that the Settlement was in their best interest. Although the Settlement was reached before the end of the discovery period, Class Counsel made an informed decision regarding the appropriateness of settlement based on their investigation and the information available to them at this junction. Prior to negotiating the Settlement, Class Counsel sought (and was provided) informal discovery from Mercer on a number of topics, including: the number of individuals whose PII was potentially compromised during the Data Incident; the types of PII potentially compromised; the mechanics of the Data Incident; the remedial actions Mercer took after the Data Incident; and the terms of any potentially applicable insurance coverage. Federman Decl., ¶ 19. Class Counsel thoroughly evaluated the discovery they received in their analysis of damages. *Id.* ¶¶ 15-16, 23. Further, the Parties fully briefed and argued a Motion to Dismiss filed by the Defendants (though this was ultimately resolved by the Settlement before a ruling). (ECF No. 21). Through this process, Plaintiffs gained further insight into the arguments and issues that would likely be presented at a potential trial.

Through the above process and the mediation, Class Counsel came to understand the size of the Settlement Class, the issues at hand, and obtain an excellent settlement for Settlement Class Members. Thus, the Court should find that Class Counsel conducted sufficient fact-finding even at this early stage in the litigation.

## V. NOTICE SATISFIED DUE PROCESS AND RULE 23

At preliminary approval, the Court approved the Parties' proposed Notice Plan, finding it met the requirements of Rule 23 and Due Process. ECF No. 36. That plan has now been fully carried out by settlement administrator Epiq Class Action & Claims Solutions, Inc. ("Epiq"). *See* Azari Decl. ¶¶ 23-30. As outlined in detail in Epiq's supporting declaration, the Notice Plan and its execution satisfied all the requirements of Rule 23(c).

To satisfy due process, notice to class members must be the best practicable method and reasonably calculated under all the circumstances to appraise interested parties of the pendency of the action and afford them an opportunity to present their objections. Fed. R. Civ. P. 23(e); *Phillips Petroleum Co. v. Shutts*, 472 U.S. 797, 812 (1985). Notice provided to the class must be sufficient to allow class members "a full and fair opportunity to consider the proposed decree and develop a response." *Mullane v. Central Hanover Bank & Trust Co.*, 339 U.S. 306, 315 (1950). While individual notice should be provided when class members can be located and identified through reasonable effort, notice may be provided by U.S. mail, electronic mail, or other appropriate means. Fed. R. Civ. P. 23(c)(2)(B).

The direct mail Notice in conjunction with publication notice, utilized here, is the gold standard and is consistent with notice programs approved by other courts. *See In re Countrywide Fin. Corp. Customer Data Sec. Breach Litig.*, 2009 WL 5184352, at \*12 (W.D. Ky. Dec. 22, 2009) (finding a notice plan where a combination of mail and publications notice reached 81.8% of the class to be "the best notice practicable"); *Stott v. Capital Financial Services*, 277 F.R.D. 316, 342, (N.D. Tex. 2011) (approving notice sent to all class members by first class mail). In *Gascho v. Glob. Fitness Holdings, LLC*, 822 F.3d 269 (6th Cir. 2016), the Sixth Circuit found that the notice and claims processes satisfied Rule 23 where 90.8% of notices were successfully delivered to addresses associated with class members.

The Notice plan here easily meets this standard. On December 18, 2024, Epiq mailed the Postcard Notices to 93,366 Class Members. The Settlement Administrator re-mailed Postcard Notices to 5,732 Class Members for which the initial Postcard Notice was returned or undeliverable but for which the Settlement Administrator was able to obtain an alternative mailing address through skip tracing, forwarding information, or other means. Azari Decl. ¶ 26. After all re-mailings, Epiq reasonably believes that direct notice reached 91,451 of the 93,397 Settlement Class Members, which equates to a reach rate of the direct notice of 97.9% of the Settlement Class. Azari Decl. ¶ 28. Further, the dedicated Settlement Website, [www.MercerDataSettlement.com](http://www.MercerDataSettlement.com), went live on December 18, 2024, and allowed Settlement Class Members to obtain copies of relevant documents, including the Long Form Notice, and submit a Claim Form online. *Id.* at ¶ 29. Epiq also established a toll-free telephone number for Settlement Class Members to call and obtain additional information about the Settlement, and to request a paper Claim Form. *Id.* at ¶ 30.

The Notice adequately informed Settlement Class Members of the nature of the action, the definition of the class, the claims at issue, the ability of a class member to object or exclude themselves and/or enter an appearance through an attorney, and the binding effect of final approval and class judgment. The Notice utilized clear and concise language that is easy to understand and was organized in a way that allowed Settlement Class Members to easily find any section that they may be looking for. Thus, it was substantively adequate. *See Espinosa v. United Student Aid Funds, Inc.*, 553 F.3d 1193, 1202 (9th Cir. 2008), *aff'd*, 559 U.S. 260, 130 S. Ct. 1367, 176 L. Ed. 2d 158 (2010) (“The standard for what amounts to constitutionally adequate notice, however, is fairly low; it’s ‘notice reasonably calculated, under all the circumstances, to apprise interested parties of the pendency of the action and afford them an opportunity to present their objection.’”).

Notice here was robust, effective, and met all due process requirements, as well as the requirements of Rule 23(c). This weighs in favor of final approval as well.

## **VI. CERTIFICATION OF THE SETTLEMENT CLASS**

In the Preliminary Approval Order, the Court preliminarily certified the Settlement Class, finding that the Class satisfies all Rule 23 requirements. ECF No. 36. Nothing has changed since that finding to conceivably undermine class certification. Accordingly, Plaintiffs respectfully request that the Court finally certify the Settlement Class for settlement purposes.

## **VII. CONCLUSION**

For the foregoing reasons, Plaintiffs respectfully request that the Court enter the proposed order granting final approval of the Settlement.

Dated: April 3, 2025

Respectfully submitted,

UNITED STATES DISTRICT COURT  
MIDDLE DISTRICT OF GEORGIA  
MACON DIVISION

PING WANG, EMILY LEHNES, EMILY RAMOS, JENNIFER KILKUS, and JOHN DOE, individually and on behalf of all others similarly situated,

Plaintiffs,

v.

THE CORPORATION OF MERCER UNIVERSITY,

Defendant.

Case No. 5:23-cv-00193-TES

**DECLARATION OF WILLIAM B. FEDERMAN IN SUPPORT OF  
PLAINTIFFS' MOTION FOR FINAL  
APPROVAL OF CLASS ACTION SETTLEMENT**

I, William B. Federman, declare under penalty of perjury as follows:

1. I am an attorney duly admitted to the bars of the states of Texas, Oklahoma, and New York. I am admitted to practice *pro hac vice* before this Court. I am a founder and managing member of the law firm Federman & Sherwood.

2. I am one of the Court-appointed Co-Lead Class Counsel for Plaintiffs Ping Wang, Emily Lehnese, Emily Ramos, Jennifer Kilkus, John Doe, and the Settlement Class. This declaration supports Plaintiffs' Motion for Final Approval of Class Action Settlement. I have personal knowledge of the facts in this declaration and could testify to them if called on to do so.

3. This declaration explains the basis for the Settlement, including the significant relief it affords the Settlement Class.

**I. LITIGATION BACKGROUND**

4. Defendant Mercer University is a private research university that enrolls over 9,000 students in twelve colleges and schools. Consolidated Class Action Compl. (“Compl.”), ¶ 1 (ECF No. 16). Between February 12, 2023, and February 24, 2023, an unauthorized actor gained access to Mercer University’s systems during a ransomware attack (the “Data Incident”). *Id.* ¶ 4. Plaintiffs allege that the PII of current and former Mercer University students and employees, including their names, social security numbers, driver’s license numbers were exfiltrated during the Data Incident. *Id.* ¶ 5.

5. After the Data Incident, Defendant sent notification letters to approximately 93,512 individuals. Plaintiffs and the Settlement Class, received notices of the Data Incident on or around May 19, 2023.

6. On May 31, 2023, Plaintiffs began filing separate class action lawsuits against Mercer based on the Data Incident. On October 3, 2023, Plaintiffs filed a consolidated putative class action complaint against Mercer in the United States District Court for the Middle District of Georgia, asserting claims of negligence, unjust enrichment, breach of implied contract, violations of the Georgia Security Breach Notification Act, O.C.G.A. § 10-1-912 *et seq.*, and Deceptive Trade Practices Act, O.C.G.A. § 10-1-370 *et seq.*, and declaratory judgment (the “Litigation”). The O.C.G.A. claims were voluntarily dismissed.

7. On November 2, 2023, Mercer filed a motion to dismiss the Consolidated Complaint pursuant to Federal Rule of Civil Procedure 12(b)(6) (ECF Nos. 21 and 22). The Parties completed briefing the motion to dismiss on December 27, 2023. (ECF Nos. 25 and 29). The Court heard oral arguments for the Motion to Dismiss on February 22, 2024. While the Motion to Dismiss was pending, the Parties agreed to attend mediation.

8. On May 20, 2024, the Parties participated in a full-day mediation before JAMS mediator Bruce A. Friedman. Mr. Friedman has extensive experience in mediating complex cases, including class action and data breach litigation. The Parties were unable to come to an agreement by the end of the mediation. However, following the mediation, the Parties continued arms-length negotiations with the assistance of Mr. Friedman.

9. On June 6, 2024, Mr. Friedman presented a mediator's proposal, which the Parties thoroughly considered and subsequently accepted, the salient terms of which were memorialized in a term sheet signed by the Parties on July 31, 2024. The full terms of the Parties' agreement are memorialized in the Settlement Agreement and attached exhibits, which were filed with the Court on November 14, 2024. The terms of the Settlement were negotiated at arm's-length, in good faith and without collusion, by capable and experienced counsel, with full knowledge of the facts, the law, and the inherent risks in the litigation, and with the active involvement of the Parties.

10. This Court granted preliminary approval of the Settlement on November 18, 2024, and directed the Claims Administrator to begin processing claims in accordance with the schedule set in the order, finding that the Settlement was "fair, reasonable, and adequate, otherwise meets the criteria for approval, and warrants issuance of notice to the Settlement Class." ECF No. 36.

## **II. CLASS COUNSEL'S INVESTIGATION**

11. Class Counsel are confident in the strength of Plaintiffs' case because Class Counsel have been involved in other data breach litigation and have led numerous large data breach cases to favorable resolution.

12. Class Counsel is experienced in the litigation, certification, trial, and settlement of nationwide class action cases. In negotiating this Settlement, Class Counsel had the benefit of years of experience litigating data breach cases.

13. Before filing this Action, Class Counsel spent time investigating the claims to gather information about the Data Incident. The thorough pre-suit investigation resulted in the preparation of detailed complaints and later the Consolidated Complaint.

14. In addition, for the initial complaints and the Consolidated Class Action Complaint, Class Counsel conducted background research, interviewed, and gathered Plaintiffs' documents and relevant information.

15. Prior to engaging in mediation and reaching a settlement, the parties conducted meaningful informal discovery. As part of this process, Mercer responded to Plaintiffs' requests for documents and information pursuant to Federal Rule of Evidence 408 to facilitate mediation. The Parties exchanged documents and information responsive to these informal discovery requests, allowing them to fully evaluate the strengths and weaknesses of their positions.

16. Class Counsel entered the mediation fully informed of the merits of Settlement Class Members' claims and negotiated the proposed Settlement while advancing the position of Plaintiffs and Settlement Class Members and being fully prepared to continue to litigate rather than accept a settlement that was not in the best interest of Plaintiffs and Settlement Class Members.

17. Mr. Friedman actively supervised and participated in the settlement discussions, presiding over arm's-length negotiations between capable and experienced class action counsel on both sides.

18. The Parties did not discuss attorneys' fees or service awards until after agreeing on the material terms of the Settlement, including the Settlement Class definition, , Settlement Class Benefits, and the Releases.

### **III. THE SETTLEMENT**

19. Before settlement negotiations, and as alluded to above, Class Counsel sought informal discovery from Mercer University on a number of topics, including: the number of individuals whose PII was potentially compromised during the Data Incident; the types of PII potentially compromised; the mechanics of the Data Incident; the remedial actions Mercer University took after the Data Incident; and the terms of any potentially applicable insurance coverage.

20. The Settlement provides substantial benefits to the Settlement Class, including: (i) Compensation for Lost Time spent responding to the Data Security Incident, up to five (5) hours at \$20.00 per hour, (ii) reimbursement of Ordinary Out-of-Pocket Losses up to \$450.00; (iii) reimbursement of Extraordinary Out-of-Pocket Losses arising from identity theft and fraud stemming from the Data Incident, up to \$5,500; and (iv) two (2) years of three-bureau Credit Monitoring and Identity Theft Protection services, including identity theft insurance and real-time credit monitoring. Mercer University must pay all verified, valid, and timely claims in full.

21. Furthermore, Defendant will implement and maintain certain data security-related measures to protect Class Members' PII. The cost of these data security-related measures is estimated at \$800,000.00 and will be paid for by Defendant completely separately and apart from any relief to Class Members.

22. Defendant will pay all notice and claims administration costs, as well as any Court approved attorneys' fees, costs, and expenses, separate and apart from the payments and benefits provided directly to the Settlement Class Members. These are significant benefits that directly address and remedy the harm claimed by Plaintiffs and the Settlement Class.

23. The Settlement was achieved only after a thorough investigation, preparation of a detailed consolidated complaint, a thoroughly researched response to Mercer University's motion to dismiss, arguments on the motion to dismiss, the consideration of relevant informal discovery, the preparation of a detailed mediation statement, and intense settlement negotiations. Class Counsel thoroughly evaluated this in their analysis of damages. By the time the Settlement in principle was reached, Plaintiffs and Class Counsel were well informed of the strengths and weaknesses of the case.

24. It is my opinion that the Settlement is fair, reasonable, and adequate considering the significant benefits to the Settlement Class as well as the risks and delays attendant to further protracted litigation. This view is informed by my decades of work litigating complex actions. Therefore, given this risk and uncertainty, settlement is the more prudent course when a reasonable one can be reached. Considering the above, the un-capped claims made settlement achieved, and the benefits Settlement Class Members are eligible to receive is an outstanding result.

25. I represent that there are no agreements related to the settlement other than those reflected in the Settlement Agreement itself and an agreement with Epiq Class Action & Claims Solutions, Inc. ("Epiq") to perform notice and settlement administration services as directed by the Court in its Preliminary Approval Order. ECF No. 36.

26. The Class Representatives have also demonstrated their adequacy by: (i) selecting well-qualified Class Counsel; (ii) producing information and documents to Class Counsel to permit investigation and development of the complaints; (iii) being available as needed throughout the litigation; and (iv) monitoring the Litigation. Plaintiffs do not have any interests antagonistic to other Class Members.

27. It is my professional opinion that the proposed class action settlement is fair, reasonable, and adequate and is an outstanding result for the Settlement Class Members and that the Court should enter an order granting final approval to the Settlement.

#### **IV. RISKS OF CONTINUED LITIGATION**

28. Any settlement requires the parties to balance the merits of the claims and defenses asserted against the attendant risks of continued litigation and delay.

29. Class Counsel believe the claims asserted are meritorious and that Plaintiffs would prevail if this matter proceeded to trial.

30. Class Counsel are cognizant of the risks and challenges of litigation, including uncertainties in litigating the case through a motion to dismiss, including on the issue of standing, class certification discovery and proceedings, pretrial motion practice, trial, and likely appellate review. In addition, Class Counsel are aware of the risks inherent from any appeal and subsequent proceedings following a successful trial verdict. Even if Plaintiffs and the Settlement Classes ultimately prevailed at trial, recovery could be delayed for years by an appeal.

31. Each of these risks, by itself, could have impeded the successful prosecution of these claims at trial and in an eventual appeal—resulting in zero benefit to the Settlement Class. Under the circumstances, Plaintiffs and Class Counsel appropriately determined the Settlement reached outweighs the gamble of continued litigation.

32. The claims and defenses in this Action are complex, as is clear by the record and other similar data breach cases. There is no doubt that continued litigation here would be difficult, expensive, and time consuming.

33. The Settlement provides immediate and substantial benefits to Settlement Class Members. The proposed Settlement is the best vehicle for Settlement Class Members to receive the relief to which they are entitled in a prompt and efficient manner.

34. Whether the Action would have been tried as a class action is also relevant in assessing the fairness of the Settlement. As the Court had not yet certified a class at the time the Agreement was executed, it is unclear whether certification would have been granted. This litigation activity would have required the Parties to expend significant resources.

35. In my experience and using my informed judgment, the Settlement represents an excellent result, in providing substantial monetary and injunctive relief to Settlement Class Members without further delay and considering the challenging and unpredictable path of litigation Plaintiffs would have faced absent a settlement.

#### **V. CLAIMS ADMINISTRATION AND NOTICE PROGRAM**

36. The Claims Administrator, Epiq, oversaw the Notice Program in accordance with the Court's Preliminary Approval Order. *See* Declaration of Cameron Azari ("Azari Decl."), attached hereto as **Exhibit A**. The Notice Program was designed to provide the best notice practicable and is tailored to inform Settlement Class Members about the Settlement benefits.

37. The Notice Program constitutes sufficient notice to all persons entitled to notice. The Notice Program satisfies all applicable requirements of law and due process.

38. The Notice Program properly informed Settlement Class Members of the Settlement's substantive terms. It advised Settlement Class members of their options for remaining part of the Settlement Class or for opting out of the Settlement; for submitting Claim Forms; for objecting to the Settlement and/or the Application for Attorneys' Fees, Costs, and Service Awards; and how to obtain additional information about the Settlement. The Notice Program was designed

to directly reach a very high percentage of Settlement Class members with Email Notice and Postcard Notice, with consideration that Settlement Class Members' contact information is readily available to Defendants. It exceeds the requirements of constitutional due process.

39. Epiq successfully mailed 91,451 Short Notices to Settlement Class Member. As such, the Notice Program provided direct notice to 97.9% of the Settlement. This percentage easily meets the requirements of constitutional due process. Azari Decl. at ¶ 28.

40. The Notice Program satisfies all applicable requirements of law and due process.

### **RESPONSE OF THE SETTLEMENT CLASS**

41. The deadline to request exclusions from the Settlement or to object to the Settlement was February 17, 2025. As of April 2, 2025, the claims administrator has received *no* objections to the settlement and only *one* request for exclusion from the Settlement. Azari Decl. at ¶ 32.

42. In addition to Settlement Class Members' positive reaction to the Settlement, as of April 2, 2025, 3,267 claims forms have been received by Epiq, representing a claims rate of 3.50%. Azari Decl. at ¶ 34. This claim rate compares favorably to claims rates in data breach class action settlements that have been finally approved by courts. *See, e.g., In re Anthem, Inc. Data Breach Litig.*, 327 F.R.D. 299, 321 (N.D. Cal. 2018) (finding that a 1.8% claims rate reflects a positive reaction by the class). This is supported by the below chart of some recent data breach settlement:

Case	Claims Rate
<i>In re Target Corp. Customer Data Sec. Breach Litig.</i> , No. 14-md-2522, 2017 WL 2178306, at *1–2 (D. Minn. May 17, 2017), <i>aff'd</i> , 892 F.3d 968 (8th Cir. 2018)	0.23%
<i>In re Hudson's Bay Co. Data Sec. Incident Consumer Litig.</i> , No. 18-CV-8472 (PKC), 2022 WL 2063864, at *10 (S.D.N.Y. June 8, 2022)	0.25%

<i>Corona v. Sony Pictures Entmt., Inc.</i> , No. 2:14-cv-9600 (C.D. Cal. Apr. 12, 2016), ECF Nos. 164, 166	0.7%
<i>Cochran et al. v. The Kroger Co.</i> , No. 5:21-cv-01887 (N.D. Cal.), ECF Nos. 104, 115	1%
<i>In re Anthem, Inc. Data Breach Litig.</i> , 327 F.R.D. 299, 321 (N.D. Cal. 2018)	1.8%

43. Overall, the response from the Settlement Class has been extremely positive, demonstrating the Class Members' approval of the Settlement.

44. In my professional opinion, the Settlement represents an excellent result for the Settlement Class and merits final approval.

45. It is my opinion that the proposed class action settlement is fair, reasonable, and adequate and is an outstanding result for the Settlement Class Members in light of the significant challenges faced.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct to the best of our knowledge.

in the world. Courts have recognized and approved numerous notice plans developed by Epiq Legal Noticing, and those decisions have invariably withstood appellate review.

### **RELEVANT EXPERIENCE**

5. I have served as a notice expert and have been recognized and appointed by courts to design and provide notice in many significant cases, including:

a) *In re Juul Labs, Inc. Marketing, Sales Practices, and Products Liability Litigation* 19-md-02913 (N.D. Cal.), involved two settlements totaling \$300 million for JUUL Labs, Inc. and Altria, which alleged consumers were misled about JUUL products' addictiveness and safety, causing them to pay more, and that JUUL products were unlawfully marketed to minors. Two companion notice programs were implemented with more than 10.7 million email notices and nearly 500,000 postcard notices sent to potential class members and comprehensive media efforts (over 936 million impressions delivered). The notice programs each reached approximately 80% of the class nationwide.

b) *In Re: Zoom Video Communications, Inc. Privacy Litigation*, 3:20-cv-02155 (N.D. Cal.), involved an extensive notice plan for a \$85 million privacy settlement involving Zoom, the most popular videoconferencing platform. Notice was sent to more than 158 million class members by email or mail, and millions of reminder notices were sent to stimulate claim filings. The individual notice efforts reached approximately 91% of the class. A supplemental media campaign provided notice via regional newspaper notice, nationally distributed digital and social media notice (delivering more than 280 million impressions), sponsored search, an informational release, and a settlement website.

c) *In re Takata Airbag Products Liability Litigation*, MDL No. 2599, 1:15-md-02599 (S.D. Fla.), involved \$1.91 billion in settlements with BMW, Mazda, Subaru, Toyota, Honda, Nissan, Ford, and Volkswagen regarding Takata airbags. The notice programs included individual mailed notice to more than 61.8 million potential class members and extensive nationwide media via consumer publications, U.S. Territory newspapers, radio, digital notices, mobile digital notices,

and behaviorally targeted digital media. Combined, the notice programs reached more than 95% of adults aged 18+ in the U.S. who owned or leased a subject vehicle, with a frequency of 4.0 times each.

d) *In Re: Capital One Consumer Data Security Breach Litigation*, MDL No. 2915, 1:19-md-02915 (E.D. Va.), involved an extensive notice program for a \$190 million data breach settlement. Notice was sent to more than 93.6 million settlement class members by email or mail. The individual notice efforts reached approximately 96% of the identified settlement class members and were enhanced by a supplemental media plan that included digital and social media notices (delivering more than 123.4 million impressions), sponsored search, and a settlement website.

e) *In re: Disposable Contact Lens Antitrust Litigation*, 3:15-md-02626 (M.D. Fla.), involved several notice programs to notify retail purchasers of disposable contact lenses for four separate settlements totaling \$88 million. For each notice program more than 1.98 million email or postcard notices were sent to potential class members and a comprehensive media plan was implemented, with a well-read nationwide consumer publication, internet digital notices (delivering more than 312.9 million – 461.4 million impressions per campaign), sponsored search listings, and a case website.

f) *In re U.S. Office of Personnel Management Data Security Breach Litigation* MDL No. 2664, 15-cv-01394 (D.D.C.), involved a \$63 million settlement for compromised personal information of then-current and former federal government employees and contractors, and certain applicants for federal employment. An extensive nationwide media notice campaign was implemented using magazines, digital and social media notices (delivering more than 758 million impressions), traditional and satellite radio, and other forms of media. The media notice reached at least 85% of the class. In addition, more than 3.5 million email notices and/or postcard notices were sent to identified class members. The notice program was supplemented with outreach to unions and associations, sponsored search listings, an informational release, and a settlement website.

g) *In re: fairlife Milk Products Marketing and Sales Practices Litigation*, 1:19-cv-03924 (N.D. Ill.), involved a \$21 million settlement against The Coca-Cola Company, fairlife, LLC, and other defendants alleging false labeling and marketing of fairlife milk products. A

comprehensive media plan was implemented with a consumer print publication notice, targeted digital and social media notices (delivering more than 620.1 million impressions in English and Spanish nationwide). Combined with individual notice to a small percentage of the class, the notice plan reached approximately 80.2% of the class. The reach was further enhanced by sponsored search, an informational release, and a website.

h) *In re: Payment Card Interchange Fee and Merchant Discount Antitrust Litigation*, MDL No. 1720 (E.D.N.Y.). Second Circuit affirmed. *See Fikes Wholesale, Inc. v. Visa U.S.A., Inc.* 62 F.4th 704 (2d Cir. 2023). The case involved a \$5.5 billion settlement reached by Visa and MasterCard. An intensive initial notice program included more than 19.8 million direct mail notices sent to potential class members, together with insertions in over 1,500 newspapers, consumer magazines, national business publications, trade and specialty publications, with notices in multiple languages, and a digital notice campaign (delivering more than 770 million adult impressions). Sponsored search listings and a settlement website in eight languages expanded the notice program. For the subsequent settlement reached by Visa and MasterCard, an extensive notice program was implemented, which included over 16.3 million direct mail notices to class members together with more than 354 print publication insertions and digital notices (delivering more than 689 million adult impressions).

i) *In re: Oil Spill by the Oil Rig “Deepwater Horizon” in the Gulf of Mexico, on April 20, 2010*, MDL No. 2179 (E.D. La.), involved landmark settlement notice programs to distinct “Economic and Property Damages” and “Medical Benefits” settlement classes for BP’s \$7.8 billion settlement of claims related to the Deepwater Horizon oil spill. Notice efforts included more than 7,900 television spots, 5,200 radio spots, and 5,400 print insertions and reached over 95% of Gulf Coast residents.

6. I have served as a notice expert and have been recognized and appointed by courts to design and provide notice in numerous data breach and privacy settlements, including:

7. Courts have recognized our testimony as to which method of notification is appropriate for a given case, and I have provided testimony on numerous occasions on whether a certain method of notice represents the best notice practicable under the circumstances. Numerous court opinions and comments regarding my testimony, and the adequacy of our notice efforts, are included in the Epiq Legal Noticing *curriculum vitae* included as **Exhibit 1**.

8. In forming expert opinions, my staff and I draw from our in-depth class action case

experience, as well as our educational and related work experiences. I am an active member of the Oregon State Bar, having received my Bachelor of Science from Willamette University and my Juris Doctor from Northwestern School of Law at Lewis and Clark College. I have served as the Director of Legal Notice for Epiq since 2008 and have overseen the detailed planning of virtually all of our court-approved notice programs during that time. Overall, I have more than 24 years of experience in the design and implementation of legal notification and claims administration programs, having been personally involved in well over one hundred successful notice programs.

9. The facts in this declaration are based on my personal knowledge, as well as information provided to me by my colleagues in the ordinary course of my business at Epiq and Epiq Legal Noticing (hereinafter “Epiq”).

#### **OVERVIEW**

10. This declaration describes the successful implementation of the Settlement Notice Plan (“Notice Plan”) and notices (the “Notice” or “Notices”) for *Wang et al. v. The Corporation of Mercer University*, Civil Action No. 5:23-cv-00193-TES, pending in the United States District Court for the Middle District of Georgia. Epiq designed this Notice Plan based on our extensive prior experience and research into the notice issues particular to this Settlement. The Notice Plan as designed and implemented was the best notice practicable under the circumstances to provide notice to the Settlement Class Members.

#### **DATA PRIVACY AND SECURITY**

11. Epiq has procedures in place to protect the security of data for the Settlement Class. As with all cases, Epiq maintains extensive data security and privacy safeguards in its official capacity as the Settlement Administrator for this Action. A Service Agreement, which formally retains Epiq as the Settlement Administrator, governs Epiq’s Settlement Administration responsibilities for the Action. Epiq maintains adequate insurance in case of errors.

12. As a data processor, Epiq performs services on data provided, only as those outlined in a contract and/or associated statement(s) of work. Epiq does not utilize or perform other

procedures on personal data provided or obtained as part of its services to a client. For this Action, Settlement Class Member data was provided directly to Epiq. Epiq does not use such information or information provided by Settlement Class Members for any other purpose than the administration of this Action, specifically the information is not used, disseminated, or disclosed by or to any other person for any other purpose.

13. The security and privacy of clients' and class members' information and data are paramount to Epiq. That is why Epiq has invested in a layered and robust set of trusted security personnel, controls, and technology to protect the data we handle. To promote a secure environment for client and class member data, industry leading firewalls and intrusion prevention systems protect and monitor Epiq's network perimeter with regular vulnerability scans and penetration tests. Epiq deploys best-in-class endpoint detection, response, and anti-virus solutions on our endpoints and servers. Strong authentication mechanisms and multi-factor authentication are required for access to Epiq's systems and the data we protect. In addition, Epiq has employed the use of behavior and signature-based analytics as well as monitoring tools across our entire network, which are managed 24 hours per day, 7 days per week, by a team of experienced professionals.

14. Epiq's world class data centers are defended by multi-layered, physical access security, including formal ID and prior approval before access is granted, closed-circuit television ("CCTV"), alarms, biometric devices, and security guards, 24 hours per day, 7 days per week. Epiq manages minimum Tier 3+ data centers in 18 locations worldwide. Our centers have robust environmental controls including uninterruptable power supply ("UPS"), fire detection and suppression controls, flood protection, and cooling systems.

15. Beyond Epiq's technology, our people play a vital role in protecting class members' and our clients' information. Epiq has a dedicated information security team comprised of highly trained, experienced, and qualified security professionals. Our teams stay on top of important security issues and retain important industry standard certifications, like SysAdmin, Audit, Network, and Security ("SANS"), Certified Information Systems Security Professional ("CISSP"), and Certified Information Systems Auditor ("CISA"). Epiq is continually improving security

infrastructure and processes based on an ever-changing digital landscape. Epiq also partners with best-in-class security service providers. Our robust policies and processes cover all aspects of information security to form part of an industry leading security and compliance program, which is regularly assessed by independent third parties.

16. Epiq holds several industry certifications including: Trusted Information Security Assessment Exchange (“TISAX”), Cyber Essentials, Privacy Shield, and ISO 27001. In addition to retaining these certifications, we are aligned to Health Insurance Portability and Accountability Act (“HIPAA”), National Institute of Standards and Technology (“NIST”), and Federal Information Security Management Act (“FISMA”) frameworks. Epiq follows local, national, and international privacy regulations. To support our business and staff, Epiq has a dedicated team to facilitate and monitor compliance with privacy policies. Epiq is also committed to a culture of security mindfulness. All employees routinely undergo cybersecurity trainings to ensure that safeguarding information and cybersecurity vigilance is a core practice in all aspects of the work our teams complete.

17. Upon completion of a project, Epiq continues to host all data until otherwise instructed in writing by a customer to delete, archive or return such data. When a customer requests that Epiq delete or destroy all data, Epiq agrees to delete or destroy all such data; provided, however, that Epiq may retain data as required by applicable law, rule or regulation, and to the extent such copies are electronically stored in accordance with Epiq’s record retention or back-up policies or procedures (including those regarding electronic communications) then in effect. Epiq keeps data in line with client retention requirements. If no retention period is specified, Epiq returns the data to the client or securely deletes it as appropriate.

#### **NOTICE PLAN SUMMARY**

18. Federal Rule of Civil Procedure 23 directs that notice must be “the best notice that is practicable under the circumstances, including individual notice to all members who can be identified through reasonable effort. The notice may be by one or more of the following: United

States mail, electronic means, or other appropriate means.”<sup>1</sup> The Notice Plan as implemented satisfied these requirements.

19. The Notice Plan as designed and implemented reached the greatest practicable number of Settlement Class Members with individual notice via United States Postal Service (“USPS”) first-class mail to identified Settlement Class Members. With the address updating protocols that were used, the Notice Plan individual notice efforts reached approximately 97.9% of the identified Settlement Class. The reach was further enhanced by a Settlement Website. In my experience, the reach of the Notice Plan was consistent with other court-approved notice plans, was the best notice practicable under the circumstances, and satisfied the requirements of due process, including its “desire to actually inform” requirement.<sup>2</sup>

### **CAFA NOTICE**

20. Pursuant to the Class Action Fairness Act, (“CAFA”), 28 U.S.C. §1715, on December 6, 2024, Epiq sent 57 CAFA Notice Packages (“CAFA Notice”). The CAFA Notice was mailed via USPS Priority Mail to 53 officials (the Attorneys General of 47 states, the District of Columbia, and the United States Territories). Per the direction of the Offices of the Nevada, New York, and Connecticut Attorneys General, the CAFA Notice was sent to the Nevada, New York, and Connecticut Attorneys General electronically via email. The CAFA Notice was also sent via United Parcel Service (“UPS”) to the Attorney General of the United States. Details regarding the CAFA Notice mailing are provided in the *Declaration of Kyle S. Bingham on Implementation of CAFA Notice*, dated December 31, 2024, which is included as **Exhibit 2**.

### **NOTICE PLAN DETAIL**

21. On November 18, 2024, the Court approved the Notice Plan and appointed Epiq as the Settlement Administrator in the *Preliminary Approval Order*. In the Preliminary Approval

---

<sup>1</sup> Fed. R. Civ. P. 23(c)(2)(B).

<sup>2</sup> *Mullane v. Cent. Hanover Bank & Trust Co.*, 339 U.S. 306, 315 (1950) (“But when notice is a person’s due, process which is a mere gesture is not due process. The means employed must be such as one desirous of actually informing the absentee might reasonably adopt to accomplish it. The reasonableness and hence the constitutional validity of any chosen method may be defended on the ground that it is in itself reasonably certain to inform those affected . . .”).

Order, the Court approved the following “Settlement Class”:

All persons who were notified that their information may have been impacted in the Data Incident.

The Settlement Class specifically excludes: (i) Mercer and its respective officers and directors; (ii) all Settlement Class Members who timely and validly request exclusion from the Settlement Class; (iii) the Judge and/or magistrate assigned to evaluate the fairness of this settlement; and (iv) any other Person found by a court of competent jurisdiction to be guilty under criminal law of initiating, causing, aiding, or abetting the Data Incident or who pleads nolo contendere to any such charge.

22. After the Court’s Preliminary Approval Order was entered, Epiq implemented the Notice Plan. This declaration details the notice activities undertaken to date and explains how and why the Notice Plan was comprehensive and well-suited to reach the Settlement Class. This declaration also discusses the administration activity to date.

### **NOTICE PLAN**

#### ***Individual Notice***

23. On November 22, 2024, Epiq received one data file with 93,512 identified Settlement Class Member records, which included names and last known physical addresses (“Class Member Information”). Epiq deduplicated and rolled-up the records and loaded the unique, identified Settlement Class Member records into its database for this Settlement. These efforts resulted in 93,397 unique, identified Settlement Class Member records.

#### ***Individual Notice – Direct Mail***

24. On December 18, 2024, Epiq sent 93,366 double Postcard Notices with an address updater form (“Postcard Notices”) to all identified Settlement Class Members for whom an associated physical mailing address was available (31 records did not have a valid physical mailing address available and were not sent a Postcard Notice). The Postcard Notice was sent via USPS first-class mail. The Postcard Notice clearly and concisely summarized the Settlement and the legal rights of the Settlement Class Members. In addition, the Postcard Notice also directed the recipients to the Settlement Website where they could access the Long Form Notice and additional information about the Settlement. The Postcard Notice is included as **Exhibit 3**.

25. Prior to sending the Postcard Notices, all mailing addresses were checked against the National Change of Address (“NCOA”) database maintained by the USPS to ensure all address information was up-to-date and accurately formatted for mailing.<sup>3</sup> In addition, the addresses were certified via the Coding Accuracy Support System (“CASS”) to ensure the quality of the zip code and verified through Delivery Point Validation (“DPV”) to verify the accuracy of the addresses. This address updating process is standard for the industry and for the majority of promotional mailings that occur today.

26. The return address on the Postcard Notices was a post office box that Epiq maintains for this Settlement. The USPS automatically forwarded Postcard Notices with an available forwarding address order that has not expired (“Postal Forwards”). Postcard Notices returned as undeliverable were re-mailed to any new address available through USPS information, (for example, to the address provided by the USPS on returned mail pieces for which the automatic forwarding order had expired but was still within the time period in which the USPS returned the piece with the address indicated), or to better addresses that were found using a third-party address lookup service. Upon successfully locating better addresses, Postcard Notices were promptly remailed. As of April 3, 2025, Epiq has remailed 5,732 Postcard Notices.

27. Additionally, a Long Form Notice and Claim Form (“Claim Package”) were mailed to all persons who requested one via the toll-free telephone number or other means. As of April 3, 2025, Epiq mailed 160 Claim Packages as a result of such requests. The Long Form Notice is included as **Exhibit 4**. The Claim Form is included as **Exhibit 5**.

### *Notice Results*

28. As of April 3, 2025, a Postcard Notice was successfully delivered to 91,451 of the 93,397 unique, identified Settlement Class Members. This means the individual notice efforts

---

<sup>3</sup> The NCOA database is maintained by the USPS and consists of approximately 160 million permanent change-of-address (COA) records consisting of names and addresses of individuals, families, and businesses who have filed a change-of-address with the Postal Service™. The address information is maintained on the database for 48 months and reduces undeliverable mail by providing the most current address information, including standardized and delivery-point-coded addresses, for matches made to the NCOA file for individual, family, and business moves.

reached approximately 97.9% of the identified Settlement Class.

### ***Settlement Website***

29. On December 18, 2024, Epiq established a dedicated Settlement Website with an easy to remember domain name ([www.MercerDataSettlement.com](http://www.MercerDataSettlement.com)). Relevant documents are posted on the Settlement Website, including the Postcard Notice, Long Form Notice, Claim Form, Preliminary Approval Order, Settlement Agreement, and Complaint. In addition, the Settlement Website includes relevant dates, answers to frequently asked questions (“FAQs”), instructions for how Settlement Class Members could opt-out (request exclusion) from or object to the Settlement prior to the deadlines, instructions for submitting a Claim Form, contact information for the Settlement Administrator, and how to obtain other case-related information. The Settlement Website also provided the ability for Settlement Class Members to submit an online Claim Form prior to the Claims Deadline. The Settlement Website address was prominently displayed in all notice documents. As of April 3, 2025, there have been 9,294 unique visitor sessions to the Settlement Website, and 33,833 web pages have been presented.

### ***Toll-Free Telephone Number and Other Contact Information***

30. On December 18, 2024, a toll-free telephone number (1-888-884-9402) was established for the Settlement. Callers are able to hear an introductory message, have the option to learn more about the Settlement in the form of recorded answers to FAQs, and were able to request a Claim Package be mailed to them. This automated telephone system is available 24 hours per day, 7 days per week. The toll-free telephone number was prominently displayed in all notice documents. As of April 3, 2025, there have been 530 calls to the toll-free telephone number representing 1,283 minutes of use.

31. A postal mailing address and email address were established and continue to be available to allow Settlement Class Members the opportunity to request additional information or ask questions.

### ***Requests for Exclusion and Objections***

32. The Opt-Out Date and Objection Date for the Settlement was February 17, 2025.

As of April 3, 2025, Epiq has received one request for exclusion. The Exclusion Report is included as **Exhibit 6**. As of April 2, 2025, Epiq is aware of no objections to the Settlement.

### ***Claim Submission & Distribution***

33. The Notices provided a detailed summary of the relevant information about the Settlement, including the Settlement Website address and how Settlement Class Members could submit a Claim Form online or by mail prior to the Claim Deadline.

34. The deadline for Settlement Class Members to file a Claim Form was March 18, 2025. As of April 3, 2025, Epiq has received 3,276 Claim Forms (3,087 online and 189 paper), which is comparable to other similar data breach class action settlements. Since the March 18, 2025, deadline recently passed, these numbers are preliminary and are subject to change. As standard practice, Epiq is in the process of conducting a complete review of all Claim Forms received. There is a likelihood that after detailed review, the total number of Claim Forms received will change due to duplicate and denied Claim Forms.

### **CONCLUSION**

35. In class action notice planning, execution, and analysis, we are guided by due process considerations under the United States Constitution, by federal and local rules and statutes, and further by case law pertaining to notice. This framework directs that the notice plan be designed to reach the greatest practicable number of potential class members and, in a settlement class action notice situation such as this, that the notice or notice plan itself not limit knowledge of the availability of benefits—nor the ability to exercise other options—to class members in any way. All of these requirements were met in this case.

36. The Notice Plan included individual notice via USPS first-class mail to identified Settlement Class Members. With the address updating protocols that were used, the Notice Plan individual notice efforts reached approximately 97.9% of the identified Settlement Class. The reach was further enhanced by the Settlement Website. In 2010, the FJC issued a *Judges' Class Action Notice and Claims Process Checklist and Plain Language Guide*, which is relied upon for federal cases, and is illustrative for state courts. This guide states that, “the lynchpin in an objective

determination of the adequacy of a proposed notice effort is whether all the notice efforts together will reach a high percentage of the class. It is reasonable to reach between 70–95%.”<sup>4</sup> Here, we have developed and implemented a Notice Plan that readily achieved a reach beyond the high end of that standard.

37. The Notice Plan followed the guidance for satisfying due process obligations that a notice expert gleans from the United States Supreme Court’s seminal decisions, which emphasize the need: (a) to endeavor to actually inform the Settlement Class, and (b) to ensure that notice is reasonably calculated to do so:

- a) “[W]hen notice is a person’s due, process which is a mere gesture is not due process. The means employed must be such as one desirous of actually informing the absentee might reasonably adopt to accomplish it,” *Mullane v. Central Hanover Trust*, 339 U.S. 306, 315 (1950); and
- b) “[N]otice must be reasonably calculated, under all the circumstances, to apprise interested parties of the pendency of the action and afford them an opportunity to present their objections,” *Eisen v. Carlisle & Jacquelin*, 417 U.S. 156 (1974) (citing *Mullane*, 339 U.S. at 314).

38. The Notice Plan provided the best notice practicable under the circumstances of this case, conformed to all aspects of Federal Rules of Civil Procedure, Rule 23 regarding notice, comported with the guidance for effective notice articulated in the *Manual for Complex Litigation* 4<sup>th</sup> Ed. and FJC guidance, and satisfied the requirements of due process, including its “desire to actually inform” requirement.

39. The Notice Plan schedule afforded sufficient time to provide full and proper notice to Settlement Class Members before the Opt-Out Date and Objection Date.

I declare under penalty of perjury that the foregoing is true and correct. Executed April 3, 2025.

**Judge Timothy J. Korrigan, Smith v. Costa Del Mar, Inc.** (Sept. 21, 2021) 3:18-cv-01011 (M.D. Fla.):

Following preliminary approval, the settlement administrator carried out the notice program .... The settlement administrator sent a summary notice and long-form notice to all class members, sent CAFA notice to federal and state officials ... and established a website with comprehensive information about the settlement .... Email notice was sent to class members with email addresses, and postcards were sent to class members with only physical addresses .... Multiple attempts were made to contact class members in some cases, and all notices directed recipients to a website where they could access settlement information .... A paid online media plan was implemented for class members for whom the settlement administrator did not have data .... When the notice program was complete, the settlement administrator submitted a declaration stating that the notice and paid media plan reached at least seventy percent of potential class members .... [N]otices had been delivered via postcards or email to 939,400 of the 939,479 class members to whom the settlement administrator sent notice—a ninety-nine and a half percent deliverable rate....

Notice was disseminated in accordance with the Preliminary Approval Order .... Federal Rule of Civil Procedure 23(c)(2)(B) requires that notice be "the best notice that is practicable under the circumstances." Upon review of the notice materials ... and of Azari's Declaration ... regarding the notice program, the Court is satisfied with the way in which the notice program was carried out. Class notice fully complied with Rule 23(c)(2)(B) and due process, constituted the best notice practicable under the circumstances, and was sufficient notice to all persons entitled to notice of the settlement of this lawsuit.

The media plan included various forms of notice, utilizing national consumer print publications, internet banner advertising, social media, sponsored search, and a national informational release .... According to the Azari Declaration, the Court-approved Notice reached approximately seventy-five percent (75%) of the Settlement Class on an average of 3.5 times per Class Member ....

Pertinently, the Claims Administrator implemented digital banner notices across certain social media platforms, including Facebook and Instagram, which linked directly to the Settlement Website ... the digital banner notices generated approximately 522.6 million adult impressions online .... [T]he Court finds that notice was "reasonably

These were the best practicable means of informing class members of their rights and of the settlement's terms.*

*Through August 9, 2012, 366,242 individual notices had been sent to potential [Medical Benefits] Settlement Class Members by postal mail and 56,136 individual notices had been e-mailed. Only 10,700 mailings—or 3.3%—were known to be undeliverable. (Azari Decl. ¶¶ 8, 9.) Notice was also provided through an extensive schedule of local newspaper, radio, television and Internet placements, well-read consumer magazines, a national daily business newspaper, highly-trafficked websites, and Sunday local newspapers (via newspaper supplements). Notice was also provided in non-measured trade, business and specialty publications, African-American, Vietnamese, and Spanish language publications, and Cajun radio programming. The combined measurable paid print, television, radio, and Internet effort reached an estimated 95% of adults aged 18+ in the Gulf Coast region an average of 10.3 times each, and an estimated 83% of all adults in the United States aged 18+ an average of 4 times each. (Id. ¶¶ 8, 10.) All notice documents were designed to be clear, substantive, and informative. (Id. ¶ 5.)*

*The Court received no objections to the scope or content of the [Medical Benefits] Notice Program. (Azari Supp. Decl. ¶ 12.) The Court finds that the Notice and Notice Plan as implemented satisfied the best notice practicable standard of Rule 23(c) and, in accordance with Rule 23(e)(1), provided notice in a reasonable manner to Class Members who would be bound by the Settlement, including individual notice to all Class Members who could be identified through reasonable effort. Likewise, the Notice and Notice Plan satisfied the requirements of Due Process. The Court also finds the Notice and Notice Plan satisfied the requirements of CAFA.*

*that is practicable under the circumstances of this litigation. The notice program surpassed the requirements of Due Process, Rule 23, and CAFA. Based on the factual elements of the Notice Program as detailed below, the Notice Program surpassed all of the requirements of Due Process, Rule 23, and CAFA.*

*The Notice Program, as duly implemented, surpasses other notice programs ... executed with court approval. The Notice Program included notification to known or potential Class Members via postal mail and e-mail; an extensive schedule of local newspaper, radio, television and Internet placements, well-read consumer magazines, a national daily business newspaper, and Sunday local newspapers. Notice placements also appeared in non-measured trade, business, and specialty publications, African-American, Vietnamese, and Spanish language publications, and Cajun radio programming. The Notice Program met the objective of reaching the greatest possible number of class members and providing them with every reasonable opportunity to understand their legal rights. See Azari Decl. ¶¶ 8, 15, 68. The Notice Program was substantially completed on July 15, 2012, allowing class members adequate time to make decisions before the opt-out and objections deadlines.*

*The media notice effort alone reached an estimated 95% of adults in the Gulf region an average of 10.3 times each, and an estimated 83% of all adults in the United States an average of 4 times each. These figures do not include notice efforts that cannot be measured, such as advertisements in trade publications and sponsored search engine listings. The Notice Program fairly and adequately covered and notified the class without excluding any demographic group or geographic area, and it exceeded the reach percentage achieved in most other court-approved notice programs.*

**Judge Alonzo Harris, *Opelousas General Hospital Authority, A Public Trust, D/B/A Opelousas General Health System and ArklaMiss Surgery Center, L.L.C. v. FairPay Solutions, Inc.*** (Aug. 17, 2012) 12-C-1599 (27<sup>th</sup> Jud. D. Ct. La.):

*Notice given to Class Members and all other interested parties pursuant to this Court's order of April 18, 2012, was reasonably calculated to apprise interested parties of the pendency of the action, the certification of the Class as Defined for settlement purposes only, the terms of the Settlement Agreement, Class Members rights to be represented by private counsel, at their own costs, and Class Members rights to appear in Court to have their objections heard, and to afford persons or entities within the Class Definition an opportunity to exclude themselves from the Class. Such notice complied with all requirements of the federal and state constitutions, including the Due Process Clause, and applicable articles of the Louisiana Code of Civil Procedure, and constituted the best notice practicable under the circumstances and constituted due and sufficient notice to all potential members of the Class as Defined.*

**Judge James Lawrence King, *Sachar v. Iberiabank Corporation*** (Apr. 26, 2012) as part of ***In re Checking Account Overdraft*** MDL No. 2036 (S.D. Fla.):

*The Court finds that the Notice previously approved was fully and properly effectuated and was sufficient to satisfy the requirements of due process because it described "the substantive claims ... [and] contained information reasonably necessary to [allow Settlement Class Members to] make a decision to remain a class member and be bound by the final judgment.".... The Notice, among other things, defined the Settlement Class, described the release as well as the amount and method and manner of proposed distribution of the Settlement proceeds, and informed Settlement Class Members of their rights to opt-out or object, the procedures for doing so, and the time and place of the Final Approval Hearing. The Notice also informed Settlement Class Members that a class judgment would bind them unless they opted out, and told them where they could obtain more information, such as access to a full copy of the Agreement. Further, the Notice described in summary form the fact that Class Counsel would be seeking attorneys' fees of up to 30 percent of the Settlement. Settlement Class Members were provided with the best practicable notice "reasonably calculated, under [the] circumstances, to apprise them of the pendency of the action and afford them an opportunity to present their objections." Mullane, 339 U.S. at 314. The content of the Notice fully complied with the requirements of Rule 23.*

Extensive notice was provided to the class, including point of sale notification, publication notice and notice by first-class mail for certain potential Class Members.

The affidavit of the notice expert conclusively supports this Court's finding that the notice program was adequate, appropriate, and comported with Georgia Code Ann. § 9-11-23(b)(2), the Due Process Clause of the Constitution, and the guidance for effective notice articulate in the FJC's Manual for Complex Litigation, 4<sup>th</sup>.

P. 23(e), and due process. The notice was adequate and reasonable, and constituted the best notice practicable under the circumstances. **Judge Robert M. Dow, Jr., *Schulte v. Fifth Third Bank*** (July 29, 2011) 1:09-cv-06655 (N.D. Ill.):

*The Court has reviewed the content of all of the various notices, as well as the manner in which Notice was disseminated, and concludes that the Notice given to the Class fully complied with Federal Rule of Civil Procedure 23, as it was the best notice practicable, satisfied all constitutional due process concerns, and provided the Court with jurisdiction over the absent Class Members.*

## THE SETTLEMENT BENEFITS

### 6. What does this Settlement provide?

The proposed Settlement will provide the following benefits to Settlement Class Members:

**Documented Ordinary Out-of-Pocket Losses and Attested Time Reimbursement:** All Settlement Class Members who submit a Valid Claim using the Claim Form are eligible for reimbursement of documented out-of-pocket losses and attested time, not to exceed \$450 per Settlement Class Member.

**Ordinary Out-of-Pocket Losses** are unreimbursed costs or expenditures incurred by a Settlement Class Member in responding to notice of the Data Incident that are fairly traceable to the Data Incident. Ordinary Out-of-Pocket Losses may include, without limitation, the following: (1) costs incurred on or after May 24, 2023 associated with accessing or freezing/unfreezing credit reports with any credit reporting agency; (2) other miscellaneous expenses incurred related to any Ordinary Out-of-Pocket Loss such as notary, fax, postage, copying, mileage, and long-distance telephone charges; and (3) credit monitoring or other mitigative costs that were incurred on or after May 24, 2023 through the date of the Class member's claim submission.

Settlement Class Members who elect to submit a claim for reimbursement of Ordinary Out-of-Pocket Losses must provide to the Settlement Administrator the information required to evaluate the claim, including: (1) the Settlement Class Member's name and current address; (2) documentation supporting their claim; and (3) a brief description of the documentation describing the nature of the loss, if the nature of the loss is not apparent from the documentation alone. Documentation supporting Ordinary Out-of-Pocket Losses can include receipts or other documentation not "self-prepared" by the Settlement Class Member that documents the costs incurred.

**Lost Time Reimbursement:** Settlement Class Members are also eligible to receive reimbursement for up to 5 hours of lost time spent dealing with the Data Incident (calculated at the rate of \$20 per hour). Settlement Class Members may receive reimbursement for lost time if the Settlement Class Member provides an attestation and a written (narrative) description of (1) the actions taken in response to the Data Incident, and (2) the time associated with those actions.

**Documented Extraordinary Out-of-Pocket Losses Reimbursement:** Settlement Class Members are also eligible to receive reimbursement for extraordinary losses, not to exceed \$5,500 per Settlement Class Member, for unreimbursed monetary losses incurred by a Settlement Class Member that are more likely than not directly arising from identity theft or other fraud perpetrated against the Settlement Class Member as a result of the Data Incident. Extraordinary Out-of-Pocket Losses may include, without limitation, the unreimbursed costs, expenses, losses or charges incurred a result of identity theft or identity fraud, falsified tax returns, or other possible misuse of Settlement Class Member's personal information.

Settlement Class Members who elect to submit a claim for reimbursement of Extraordinary Out-of-Pocket Losses must provide information required to evaluate the claim, including: (1) the Settlement Class Member's name and current address; (2) an attestation and documentation supporting their claim; and (3) a brief description of the documentation describing the nature of the loss, if the nature of the loss is not apparent from the documentation alone. Documentation supporting Extraordinary Out-of-Pocket Losses can include receipts or other documentation not "self-prepared" by the Settlement Class Member that documents the costs incurred.

**Credit Monitoring:** If you would like to claim 2 years of three-bureau credit monitoring, you may do so before the Claims Deadline on March 18, 2025 by selecting the credit monitoring option on the Claim Form.

### 7. How to submit a claim?

Claim Forms must be submitted online by 11:59 p.m. March 18, 2025 or postmarked no later than March 18, 2025. You can download a Claim Form at [www.MercerDataSettlement.com](http://www.MercerDataSettlement.com) or you can call the Claims Administrator at 1-888-884-9402. You may also download a paper claim form from the Documents Page at [www.MercerDataSettlement.com](http://www.MercerDataSettlement.com).

Your paper claim form must be postmarked no later than March 18, 2025 to:

Mercer University Data Incident  
Claims Administrator  
P.O. Box 2853  
Portland, OR 97208-2853

**8. What am I giving up as part of the Settlement?**

If you stay in the Settlement Class, you will be eligible to receive benefits, but you will not be able to sue Defendant and its Related Entities and each of their past or present parents, subsidiaries, divisions, and related or affiliated entities, and each of their respective predecessors, successors, directors, officers, principals, agents, attorneys, insurers, and reinsurers regarding the claims in this case. The Settlement Agreement, which includes all provisions about settled claims, releases, and Released Persons, is available at [www.MercerDataSettlement.com](http://www.MercerDataSettlement.com). The only way to keep the right to sue is to exclude yourself (*see* Question 10), otherwise you will be included in the Settlement Class, if the Settlement is approved, and you give up the right to sue for the claims in this case.

**EXCLUDE YOURSELF****9. How do I exclude myself from the Settlement?**

If you do not want to be included in the Settlement, you must send a timely written request for exclusion. Your request for exclusion must be individually signed by you. Your request must clearly manifest your intent to be excluded from the Settlement.

Your written request for exclusion must be postmarked no later than **February 17, 2025**, to:

Mercer University Data Incident  
Claims Administrator  
P.O. Box 2853  
Portland, OR 97208-2853

Instructions on how to submit a request for exclusion are available at [www.MercerDataSettlement.com](http://www.MercerDataSettlement.com) or from the Claims Administrator by calling 1-888-884-9402.

If you exclude yourself, you will not be able to receive any cash benefits from the Settlement and you cannot object to the Settlement. You will not be legally bound by anything that happens in this lawsuit and you will keep your right to sue the Defendant on your own for the claims that this Settlement resolves.

**10. If I do not exclude myself, can I sue later?**

No. If you do not exclude yourself from the Settlement, and the Settlement is approved by the Court, you forever give up the right to sue the Released Persons (listed in Question 8) for the claims this Settlement resolves.

**11. What happens if I do nothing at all?**

If you do nothing, you will be bound by the Settlement if the Court approves it, you will not get any money from the Settlement, you will not be able to start or proceed with a lawsuit or be part of any other lawsuit against the Released Persons (listed in Question 8) about the settled claims in this case at any time.

## THE LAWYERS REPRESENTING YOU

### 12. Do I have a lawyer in the case?

Yes. The Court has appointed William B. Federman of the law firm Federman & Sherwood and Kevin Laukaitis of the law firm Laukaitis Law LLC (called “Class Counsel”) to represent the interests of all Settlement Class Members in this case. You will not be charged for these lawyers. If you want to be represented by your own lawyer, you may hire one at your own expense.

### 13. How will the lawyers be paid?

Class Counsel will apply to the Court for an award of attorneys’ fees, costs, and litigation expenses in an amount not to exceed \$300,000, which includes service awards of \$1,500 to the Class Representatives. A copy of Class Counsel’s Application for Attorneys’ Fees, Costs, Expenses, and Service Awards to Class Representatives will be posted on the Settlement Website, [www.MercerDataSettlement.com](http://www.MercerDataSettlement.com) before the Final Fairness Hearing. The Court will make the final decisions as to the amounts to be paid to Class Counsel.

## OBJECTING TO THE SETTLEMENT

### 14. How do I tell the Court that I do not like the Settlement?

If you want to tell the Court that you do not agree with the proposed Settlement or some part of it, you can submit an objection telling it why you do not think the Settlement should be approved. Objections must be submitted in writing and include all the following information:

Such notice shall state:

- (i) The objection’s full name and address;
- (ii) The case name and docket number: *Wang et al. v. The Corporation of Mercer University*, 5:23-cv-00193-TES (M.D. Ga.);
- (iii) A written statement of all grounds for the objection, including whether the objection applies only to the objector, to a subset of the Settlement Class, or to the entire Settlement Class, accompanied by any legal support for the objection the objector believes applicable;
- (iv) The identity of any and all counsel representing the objector in connection with the objection;
- (v) A statement whether the objector and/or his or her counsel will appear at the Final Fairness Hearing; and
- (vi) The objector’s signature or the signature of the objector’s duly authorized attorney or other duly authorized representative (if any) representing him or her in connection with the objection.

Your Objection may be filed with the Court through the Court’s ECF system by **February 17, 2025**. In addition, you must mail a copy of your objection to Class Counsel and Defense Counsel, postmarked no later than **February 17, 2025**.

Wiech BAKER &amp; HOSTETLER LLP 1170 Peachtree Street NE, Suite 2400 Atlanta, GA 30309-7676</p>

If you do not submit your objection with all requirements, or if your objection is not postmarked by **February 17, 2025**, you will be considered to have waived all Objections and will not be entitled to speak at the Final Fairness Hearing.

#### **15. What is the difference between objecting and asking to be excluded?**

Objecting is simply telling the Court that you don't like something about the Settlement. You can object only if you stay in the Class. Excluding yourself is telling the Court that you don't want to be part of the Settlement Class. If you exclude yourself, you have no basis to object because the Settlement no longer affects you.

### **THE FINAL FAIRNESS HEARING**

#### **16. When and where will the Court decide whether to approve the Settlement?**

The Court will hold the Final Fairness Hearing on April 17, 2025, at 11:00 a.m. via the William A. Bootle Federal Building & United States Courthouse, 475 Mulberry Street, Macon, Georgia 31201. The hearing may be moved to a different date, time, or location without additional notice, so it is recommended that you periodically [www.MercerDataSettlement.com](http://www.MercerDataSettlement.com) for updated information.

At the hearing, the Court will consider whether the proposed Settlement is fair, reasonable, adequate, and is in the best interests of Settlement Class Members, and if it should be approved. If there are valid objections, the Court will consider them and will listen to people who have asked to speak at the hearing if the request was made properly. The Court will also consider the award of Attorneys' Fees, Costs, and Expenses to Class Counsel and the request for a service award to the Class Representatives.

#### **17. Do I have to come to the hearing?**

No. You are not required to come to the Final Fairness Hearing. However, you are welcome to attend the hearing at your own expense.

If you submit an Objection, you do not have to come to the hearing to talk about it. If your objection was submitted properly and on time, the Court will consider it. You also may pay your own lawyer to attend the Final Fairness Hearing, but that is not necessary.

#### **18. May I speak at the hearing?**

Yes. You can speak at the Final Fairness Hearing, but you must ask the Court for permission. To request permission to speak, you must file an objection according to the instructions in Question 14, including all the information required. You cannot speak at the hearing if you exclude yourself from the Settlement.

### **DO NOTHING**

#### **19. What happens if I do nothing?**

If you do nothing, you will not get any money from the Settlement, you will not be able to sue for the claims in this case, and you release the claims against Defendant described in Question 8.
